#### **2nd Water Meter Installation.**

This is ideal for sprinkler systems or those residents who water their yard on a regular basis during the summer months.

## **Ordinance #741**

### **Application for 2nd Meter**

Please contact Village Hall with any questions.

#### **Deduct Water Meter**

At the regular meeting of the Village Board on August 6, 2012, the Board approved the use of a “deduct meter.” This meter will allow you to track your water usage on outside faucets, for such purposes as sprinklers, swimming pools, car washing, etc.

The meter will cost you approximately \$100, plus an annual \$10 service fee to the Village. Each meter must be registered at Village Hall. Every year in October (between 10/1 and 10/20), you must bring your meter into Village Hall for a reading. You will receive a one-time credit at that time for the year.

The meter can be purchased at the New Baden Aviston Lumber, 588-3555.

The Ordinance can be viewed in its entirety at Village Hall or click [here](#).

Going forward, you must have a deduct meter to receive any pool credits. The Village will no longer be estimating usage when you fill your pool in the summer months.

Please contact Village Hall with any questions.
