

**VILLAGE OF NEW BADEN
WATER DEPARTMENT
WATER SERVICE LINE SURVEY FORM**

The Illinois Environmental Protection Agency recently revised the lead and copper rule for community drinking water, requiring municipalities to gather and update water service line material information for all structures connected to the distribution system. Participation from water customers is essential for completing this inventory and the Village of New Baden Water Department is asking for your help.

Please complete and return to the Village Hall by June 15, 2023.

(Please answer all questions to the best of your ability)

Date: _____ Water Customer Name: _____

Service Address: _____

Phone number: _____ Email Address: _____

To help identify the pipe material, scratch the service line with a coin in the scratch area shown on the image to the right. What color is the area your scratched?
